

Asbury United Methodist Church Lawn Cutting Directions

We've committed to mow through the fall, which will most likely include some leaf-raking that we'll tackle more than likely as a Team - we'll arrange that in October sometime. Obviously, in this dry weather, we will not need to mow every week, but it is the Scout's responsibility that is assigned to that week to check the condition of the grass and make the decision to mow or not to mow.

The preferred days of lawn care for the church, in order of preference: Friday, Saturday, Thursday.

If a Scout cannot make the week(s) they're assigned, it is their responsibility to call another Scout to take their place.

Thanks for the help,

Phil Mercer
